

Behind the Lens: Light of the Eastside March 2020 - February 2021

Show Description

Behind the Lens is a collection of work showcasing the individual strengths of 11 - 12 year old photographers representing the Eastside (Harvard Place / Eastlawn neighborhoods). Known together as the “Light Catchers Society”, these eleven young artists provide excerpts from their visually-based storytelling in order to shift the narrative of their community.

Participating artists include: Cesia Martinez Cortéz, Jazmin Limón, Mayte Lara, Vicente López, Martin Patino Kimberly Rubio, Ricardo Vásquez, Israel Acosta Willis, D’aviona King , Alejandro Vásquez, Nehemiah Welch

About the S.M.A.R.T. / NRP Group Partnership

In 2012 The NRP Group opened Cevallos Lofts. Part of The NRP Group’s mission with Cevallos was to develop a community space that accomplished two things: (1) make local art accessible to their residents and (2) support the local art community. Every year since 2012, S.M.A.R.T. organizes an annual art exhibition where local nonprofits and educational institutions are given an opportunity to exhibit in what is often their first public art experience. This year S.M.A.R.T. is thrilled to partner with Light Catchers Society.

*All sale proceeds from this show go to Light Catcher Society.
